

High Quality Pedo Crowns; Priced Right!

KTR specifically manufactures its Stainless Steel Primary Molar Crowns to replace higher priced 3M ESPE primary molar crowns. KTR crowns are superior in quality and handling characteristics, making the Doctor's choice practical and easy. See enclosed sample.

All KTR Crowns are made of the highest quality medical grade stainless steel available, and subjected to stringent quality controls. The result is a superior quality, consistent, reliable pediatric crown that ensures effective and efficient use of chair time, and treatment planning.

Doctors, the choice is clearly in your hands, why pay more?

- Pre-trimmed and crimped for quick and simple placement.
- 48 individual sizes (6 per molar) facilitating proper fitting.
- Accurately duplicates anatomy for better fit and performance.
- Ideal occlusal thickness for optimum resilience to abrasion and perforation.
- Malleable in gingival margin and lateral areas make it easy to seat over natural undercuts of a primary molar.
